World Atlas of Seagrasses
Present status and future conservation

Editors
Edmund P. Green and Frederick T. Short

The World Atlas of Seagrasses will be an invaluable reference: for the novice it will provide a broad background in seagrasses and for the specialist it will give insight into how local problems of seagrass distribution can be explained on a large scale.

For the first time the World Atlas of Seagrasses summarizes the opinion and science of the world’s leading seagrass experts on the global status of the ecosystem.

University of California Press

Launch at ERF 2003
Monday 15 September
5 - 6 pm in Room 4C-1
World Atlas of Seagrasses

30 cm x 21.6 cm
324 pages
42 pages of maps and colour photographs
Global and regional distribution maps and more than 60 species distribution maps in full colour
Maps, diagrams and photographs throughout
Fully indexed
Published by University of California Press, October 2003
http://www.ucpress.edu/books/pages/10169.html
http://www.unep-wcmc.org/marine/seagrassatlasm [includes online bibliography]

For the first time the World Atlas of Seagrasses summarizes the opinion and science of the world’s leading seagrass experts on the global status of the ecosystem.

Fully illustrated, the Atlas contains the first global and regional maps of seagrass distribution and a wealth of information on key issues concerning this ‘forgotten’ ecosystem. The Atlas is a collaboration of more than 50 authors from 25 nations.

This is the first book of its kind and has been produced for use by marine scientists and the international conservation community as well as world governments, intergovernmental organizations and policy makers.

World Atlas of Seagrasses

GLOBAL OVERVIEW: Distribution and status of seagrass ecosystems
M.D. Spalding, M.L. Taylor, C. Ravilious, F.T. Short and F.P. Green

REGIONAL ANALYSES

Scandinavia and the Baltic Sea  C. Beström, S.P. Baden and D. Krause-Jensen

Western Europe  C. Hilty, M.M. van Kalwij and C. den Hartog

Western Mediterranean  G. Procaccini, M.C. Lusa, M.C. Gambi, M. Porez, G. Pergent, C. Per gent-Martini and J. Romero

Black, Azov, Caspian and Aral Seas  N.A. Milchakova

Eastern Mediterranean and the Red Sea  Y. Lipkin, S. Beer and D. Zekai

Arabian Gulf and Region  R.C. Phillips

Kenya and Tanzania  C.A. Ochieng and P.L.A. Erftemeijer

Mozambique and Southeastern Africa  S.J. Bandeira and F. Gell

India  T.G. Jegtop, D.S. Komarpant and R. Rodrigues

Western Australia  D.L. Walker

Eastern Australia  R. Cole, L. McKenzie and S. Campbell

New Zealand  G.J. Inglis

Thailand  C. Supapanwaid and K. Lewmanon

Malaysia  J.S. Bujang and M.H. Zakaria

Western Pacific Islands  R. Cole, L. McKenzie, S. Campbell, M. Fortes, F.T. Short

Indonesia  T.E. Kurniawanto, W. Kiswara, M. Hutmoro, S. Soemodihardjo

Philippines and Viet Nam  M. Fortes, E.P. Green, F.T. Short

Japan  K. Aoi and M. Nakaoa

Republic of Korea  K. S. Lee and S.Y. Lee

Pacific coast of North America  S. Wyllie-Echeverria and J.D. Ackerman

Western North Atlantic  F.T. Short and C.A. Short

Mid-Atlantic coast of the United States  E.W. Koch and R.J. Orth

Gulf of Mexico  C.P. Onuf, R.C. Phillips, C.A. Moncreiff, A. Raz Guzman, J.A. Herrera-Silveira

Caribbean  J.C. Creed, R.C. Phillips and B.L. Van Tussenbroek

South America: Brazil, Argentina and Chile  J.C. Creed
